

Thank you to all our members who recently came down for the course tours over the past week. It was my pleasure to take you out on "YOUR" course and show you a behind the scenes view of course construction. There were many and varied questions from what type of grass is around the bunkers, Zoysia, to how to the green staff plant the greens, with stolons (shredded turf) of TifEagle.

Club Championships this Sunday 15th September. Please come and watch if you are not playing or stay at the club for live music from Damon Tune. The club will also present trophies to the Ladies and Mens champions for the year.

As you may be aware, in April our Club held a Special Meeting, where a new Constitution was adopted.

The new Rules increased our voting membership with lady members, intermediate members, and 5 day members now all able to participate in AGMs.

During the months of consultation prior to the change (thank you again, Director Darryl Grimley), we received many comments from our members telling us the reason that they don't come to our Annual General Meeting is that because it is held in the lead up to Christmas. Many folk told us that they would be more likely to participate if were held in late January or early February.

As our new Rules are consistent with the legislation, we are now able to have our AGM up to 6 months after the release of our Financial Statements.

So today the Board would like you to think about when you would like to have our AGM.

Below is a link to a survey, which asks a simple question - when should the AGM be held- mid December or mid February

Please take some time to consider this, and then vote via the survey.

<https://www.surveymonkey.com/r/FZWVFQ9>

The Board has no view on the timing, and will be guided by the results of this survey when setting the date.

Paul Rigby
Club President
